Notes:

- Freight allowed/included unless otherwise noted
- Quoting standard paint finishes unless otherwise noted

** Pricing is valid for 30 days given current market conditions. Future changes to global trade agreements, including those set for negotiation on April 2nd, may require adjustments to this quote. After that date, prices will be subject to revision, including in the event of additional changes related to tariffs, government-imposed trade regulations, or other significant structural cost impacts beyond our control.***

The below items are NOT included & will be an additional cost (unless otherwise noted):

- Spares are not included
- Controls are not included
- Samples or Mock-ups are not included
- Stage and store is not included
- Extended/special warranties are not included
- Vibration dampeners are not included
- Surge suppression is not included
- Taxes not included

CONFIRM VOLTAGES, FINISHES, COUNTS, AND COLOR TEMPS PRIOR TO RELEASE

Terms and conditions of sale:

- Prices firm for orders within 30 days & for shipment within 60 days.
- Manufacturer's standard freight terms and conditions for sale apply.
- Any changes to quantities, products or accessories requires a quote.
- Pole base designs by others.
- Pole failure due to harmonic vibration is not covered by warranty. TLA nor its manufactures will be held liable for failure due to harmonic vibration.
- Pendant hung fixtures are quoted at factory standard OAH unless otherwise noted. Longer suspension may incur additional cost.
- Downlights are not plenum rated unless specified and quoted as plenum rated. Plenum rated may incur additional cost.
- If factory approval drawings are signed by the customer, customer assumes responsibility for the bill of material and TLA & the factory will not be responsible for any count

discrepancies, missed fixtures/accessories and/or incorrect specifications.

- Back charges for any costs or expenses will not be accepted by The Lighting Agency or the manufacturers it represents, without prior written consent. Written consent must be obtained BEFORE the procurement of materials and/or labor. No exceptions.
- If specs are not provided at bid time TLA will not be responsible for spares, standard warranty deviation, or any other requirements outlined in the specs.
- TLA and all Manufacturers they represent will not be responsible to cover any costs for temporary fixtures nor the labor to install and remove.
- The equipment covered by this quote represents our interpretations of the requirements provided by others, given the information available to us. If actual equipment differs from quoted equipment, we reserve the right to revise our quote.

CONTROLS NOTES:

- 1) This quote is based on sheets E-102, E-303, E-307 dated 11-14-2025.
- 2) IECC 2021 - Refer to lighting control layout for additional details
- 3) Acuity Brand controls provided
- 4) All dimming is 0-10V
- 5) EM fixtures assumed to have battery backup
- 6) No plug load control has been called for / provided with this bill of material
- 7) No timeclock or networking equipment has been called for / provided in this bill of material

GENERAL NOTES:

- 1) *A Hold for Release PO is required to produce all Lighting Control Submittals and will serve as a commitment to proceed with our controls. The submittal lead time could be up to 15 business days after the HFR PO has been received by TLA. If after the lighting control submittal process has begun and the contractor or owner cancel for any reason, a cancellation fee of up to \$3,000 may be invoiced upon notification. No exceptions.*
- 2) Quantities shown are based on TLA's findings. It is the EC's responsibility to confirm quantities prior to ordering.
- 3) If project requirements change after-the-fact based on previously unknown, unacknowledged or information supplied late, the order is subject to delays and/or additional charges.
- 4) System CAN be pre-programmed from data provided in the submittal.
- 5) The most up-to-date plans are required to process a complete submittal.
- 6) Specify color of devices (sensors, faceplates, buttons, etc.) at time of order. If multiple colors are required, the design team shall markup the lighting control drawings identifying the exact color selection for each switch and/or sensor throughout.
- 7) Startup is included and to be performed during normal business hours. Normal business hours are Monday-Friday, 7a-5p. If the onsite visit for Startup, Aiming, Tuning, CX walk, etc must be performed outside of normal business hours, please request another quote for after-hours pricing.
- 8)*IMPORTANT* EC MUST USE A DEDICATED SWITCH-LEG NEUTRAL FOR EACH INDIVIDUAL PHASE DIMMING RELAY
